Hazardous Waste Information

Household Hazardous Waste Collections

ACCEPTED:

- Waste oil
- All paints, varnishes, stains
- Antifreeze + other auto fluids
- Cleaners
- Pool chemicals
- Pesticides + herbicides
- Solvents
- Fluorescent light bulbs
- Mercury-containing devices (thermostats, thermometers, etc.)

NOT ACCEPTED:

- Empty paint cans (go in scrap metal)
- Medical Waste
- Ammunition
- Empty Containers (go in trash)
- Smoke Detectors (Throw away after battery removal)
- Fire extinguishers
- Propane tanks
- Computers

For further questions, call 674-4474, email hgilletts@swcrpc.org, or refer to the A-Z Guide at www.guvswd.org.

Fluorescent Bulbs

Tubes and CFLs contain mercury. Please do not throw them in your trash. The following locations accept bulbs year-round. It's always best to inquire first before you drop off your bulbs. *Incandescent bulbs go in the trash.*

- Aubuchon Hardware, Windsor
- Fogg's Ace Hardware, Norwich
- Hartford Transfer Station
- Home Depot- CFL (curly-cue) bulbs only
- Norwich Transfer Station
- Strafford Recycling Center
- Thetford Recycling Center
- Welch's True Value, South Royalton
- Woodstock Ace Home and Hardware
- GUV Collection Events- See page 2 for events that specifically mention fluorescent bulbs or HHW.

For more information: Call GUVSWD (802) 674-4474 or visit www.guvswd.org.

Paint

Vermont Paint Stewardship Law

Through the PaintCare program, residents may drop off accepted materials free-of-charge at participating paint stores, transfer stations, and GUV HHW collection events (see list below and page 2).

- Aubuchon Hardware, Windsor
- Britton's Lumber & Hardware, Taftsville
- Hartford Transfer Station
- Norwich Transfer Station
- Welch's True Value, So. Royalton
- Woodstock Ace Home & Hardware

For more information on accepted materials, visit <https://www.paintcare.org> or call 674-4474.

From July 1, 2018 to June 30, 2019, PaintCare collected **107,725 gallons** from Vermonters; **3,063 gallons** from GUVSWD residents.

Batteries

All of your batteries and cell phones can be recycled and kept out of the trash.

Visit Call2Recycle.org/vermont to find a convenient drop-off location and get answers to your battery recycling questions or call the GUV office at (802) 674-4474.

In 2019, Vermonters recycled 166,000 lbs. (83 tons) of batteries.

Motor Oil & Batteries

Location	Oil	Batteries	Oil Filters
Advance Auto Parts Rt. 12A, W. Lebanon 298-7036	Yes	Yes	No
Co-op Service Center 51 South Park St., Hanover 643-6650	Yes	Yes	Yes
Fairlee Marine Rt. 5, Fairlee 333-9745	Yes	No	No
Hartford Transfer Station 2590 N Hartland Rd. 295-5740	No	Yes	No
Kedron Valley Garage Rt. 106, So. Woodstock 457-1904	Yes	Yes	No
Ward's Garage Rt. 113, Vershire 685-2238	Yes	Yes	Yes

*Clean used oil only; no water, antifreeze, or gasoline mixed in.

Member Town Facilities

Residents of all member towns may use the Hartford Recycling Center.

See page 5 for details.

Most of the services listed below are for the use of the listed town's residents and property owners only. Fees subject to change.

Bridgewater

Fast Trash & Recycling
Saturdays 8:00 am-12:00 pm
Bridgewater Town Garage

Trash: Call town clerk or ABLE Waste for pricing 672-3569.

Food Scraps: Drop-off for a fee.

Recycling: No separate charge if brought with trash.

Accepted materials include: Glass containers, all tin and aluminum containers, aluminum foil, plastics #1-7. Products must be clean with no caps. No containers with oil, brake fluid, or petroleum products. No light bulbs. No hardcover books. Recycle plastic bags at participating stores. Newspapers, magazines, phone books, all paper products not containing metal or plastics. Place in paper bags or cardboard boxes; no plastic bags. All types of cardboard boxes, broken down.

Scrap Metal: 50 lbs. per customer per week of light iron and flat metal, in links less than 8 ft long and up to 5 inches thick. No charge.

Miscellaneous items accepted for a fee: "Big Trash"- items too large for regular trash collection- furniture, chairs, sofas, mattresses, big toys, etc. 100 lb. limit. Cost based on size/weight.

Appliances without Freon: Start at \$5 (includes dishwashers, washers, dryers, stoves, gas grills without tanks, etc.)

Appliances with Freon: Start at \$15 (includes refrigerators, freezers, air conditioners, etc.)

Tires: Based on size.

Batteries: Car \$3 each. All other batteries are recyclable during Fast Trash or at participating hardware stores. Visit Call2Recycle.org/Vermont for locations.

Hartland

Use the Hartford Recycling Center or commercial service.

Fast Trash & Recycling
Saturdays 8:00 am-11:00 am
Hartland Town Garage

Recyclables: No separate charge if brought with trash.

Food Scraps: Drop off for a fee.

Batteries (except vehicle): Drop off at Damon Hall front entrance.

Permits

Residential Vehicle Annual Permit Fee:
 Permit Fee \$30.00 per household (\$14.00 for second sticker), good July 1st through June 30th.
 GUV District residents must get permits at their town office. Hartford residents may purchase permits at the administration building Monday-Friday and the scale house on Saturday.
A one-day pass is available for \$5 at the Administration Office or Scale house on Saturday.

Waste Disposal Rates

Residential Customers: One coupon or one card punch is needed to dispose of the equivalent of one large 30-gallon kitchen bag (up to 40 pounds) of trash or approximately 50 pounds of Clean Wood or tree/brush material. Two coupons or punches allow disposal of one tire (16-inches or less) without its rim. Three coupons or punches allow disposal of one tire (16-inches or less) with its rim. Truck and tractor trailer tires cost one coupon or card punch per 40 pounds. Car batteries may be disposed of at a cost of one coupon per battery.

Hartford Resident Coupons: Effective November 5, 2019; \$4.00 each or \$40.00 per punch card of 10 punches. Coupons and punch cards may be purchased at the administration building Tuesday-Friday 8am-4pm and at the scale house on Saturday 8am-4pm.

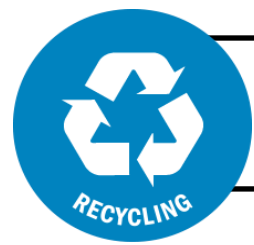

GUV District Resident Coupons: Effective November 5, 2019; \$4.95 each or \$49.50 per punch card of 10, which are available at member town clerks' offices and single coupons available at the Hartford Transfer/Recycling Administration Office.

Maximum 4-ft lengths for logs less than 3-ft diameter, and 3-ft length for logs greater than 3-ft diameter. One punch or coupon for 50lbs.</p>
--	--

Residents: When recycling please...

- ❖ Do not leave any items in the sort area. Check with staff if you have any questions.
- ❖ Use the signs and examples above the sorting tubes as a guide. Sorting in the wrong tube costs money. Please supervise your children and keep them off the rollers.
- ❖ If a tube is "closed", do **not** remove the block- there is nothing to catch your recyclables below!
- ❖ See the pay station attendant for very large loads of any material to place in outside roll-off containers.
- ❖ Shoes must be worn at all times when on the facility grounds.
- ❖ The town is not responsible for lost, stolen or damaged items.

All Facility Users: Please Note...

- ❖ Customers may enter the Construction and Demolition area at their own risk.
- ❖ All loads are required to comply with Hartford's Solid Waste Ordinance on Waste Management and Recycling. Construction and Demolitions materials must be sorted as noted.
- ❖ All traffic, regulatory, and instructional signs must be obeyed.
- ❖ Improper dumping may result in loss of dumping privileges, monetary penalty, or other action.
- ❖ **NO** firearms, ammunition, hot ashes, liquids or hazardous materials permitted in the C&D area or the waste containers.
- ❖ **NO** recyclables permitted in the C&D area or waste containers.
- ❖ Enter and exit the scale platform at no more than 5 miles per hour. Wait for the pay station attendant's signal before entering or exiting. Be courteous, leave enough room for other trucks to exit the scale.
- ❖ Commercial haulers must go to the pay station with all loads.

LIMITED Construction & Demolition Waste Disposal!!!

See guidelines below.

<p>C&D AREA #1 - CLEAN WOOD ONLY: Untreated & unpainted wood, pallets (staples & nails ok), brush & branches over 1" diameter</p>	<p>C&D AREA #2 NO LONGER ACCEPTING: Wood: Painted, Treated Plaster Board, Insulation: Rigid, Fiberglass, Asphalt Shingles</p>	<p>C&D AREA #3 Bricks & Concrete & Poured Block</p>

Syringe/Sharps Disposal

To properly dispose of “sharps” and syringes, studies show that a laundry detergent bottle is the way to go; it’s the most puncture resistant.

Used syringes and other sharps should be placed inside and collected until the bottle is full. The bottle should then be capped and sealed with heavy duty tape.

Label with warning, “Contains sharps and syringes; do NOT recycle.” Final steps... dispose of the full bottle in your household trash and let your garbage hauler know that sharps are present. Do not recycle the container.

When in Doubt, Throw it Out.

When you put questionable items in your single stream recycling you may be “contaminating” all of your recycling. If you’re not sure, put it in your trash. It’s better to put one potentially recyclable item in the trash than to put it with your recycling and risk having the entire load go to the landfill because of contamination. Refer to Vermont’s ["Statewide Six"](#) for a clear, concise guide.

Please do not put any batteries in your single stream recycling. Take them separately to your local facility, a battery recycling bucket outside your town office, your local “fast trash”, or a participating retailer. Certain types of batteries can cause fires if not handled properly. See page 3 for more information.

Junk Mail & Catalogs

To receive less junk mail, visit Direct Mail Association’s website at <https://dmachoice.thedma.org/> or call our office at 674-4474 and we’ll mail you a registration form.

To stop catalogs, visit <https://www.catalogchoice.org/> or call the toll-free number inside the catalog to unsubscribe. Save natural resources!

4 Gates Street, WRJ, VT
(Next to railroad tracks)
(802) 295-7616

Composting & Workshops

Starting July 1, 2020 all yard debris and food scraps (except meat and bones) must be kept out of your trash.

What you need to know about food scraps and composting:

- All Vermont residents, businesses, and institutions are required to keep food scraps out of their trash as of **July 1, 2020**.
- You may continue to put meat and bones in your trash. If you compost at home, **do not** put meat or bones in your compost.
- If you do not want to (or cannot) compost at home, you may do the following with your food scraps:
 - Take them to your local transfer station or recycling center. There may or may not be a charge.
 - Take them to your local Saturday "Fast Trash."
 - If your trash/recyclables are picked up at your home, ask your hauler if food scrap pick up is available.
- If you choose any of the above three options, you **may** include meat and bones. With these options your food scraps will go to a commercial composting facility where the temperature of the compost piles will be high enough to kill all pathogens. Your home compost pile will not get hot enough to do this.
- Feeding food scraps to chickens or pigs is acceptable **BUT** pigs should not be fed meat or any food that has come in contact with meat. [VT Swine Feeding Rules](#)

Our free composting presentations have been postponed indefinitely. We plan to host one or more virtual presentations with an opportunity to call or email in questions. Stay tuned to your local list serve and our [Facebook page](#).

You may order a "Soil Saver" composter (one per household) for \$40 and a "Sure-Close" kitchen pail for \$5. These will be available for socially distanced pickup at a location, date, and time to be announced. Stay tuned to Facebook, your local list serve, call 674-4474, or email hgillet@swcrpc.org.
